A Note from New York State.

I enjoyed sharing the Newburgh & South Shore presentation with members at the August meeting. A few questions came up concerning some web resources so I wanted to share these again with members.

Historic images are featured daily at the Shorpy website. These are good size files that can offer great insight on period buildings, vehicles, signage and railroads. The images are from collections in the Library of Congress but each image has been enhanced to offer clarity over the originals. Use the search box to find some fabulous images of Cleveland, Railroads, or a subject of your choosing.

<http://www.shorpy.com/>

While Shorpy is great, the Library of Congress is the motherlode of historic images. The American Memory collection contains thousands of images across many other collections. Stunning panoramic images reveal industrial complexes, sprawling cities and extensive vistas. You can easily spend a week of days just trolling through the files.

<http://memory.loc.gov/ammem/index.html>

Locally, the Cleveland Memory project has a large collection of region specific images and maps from the files in the Michael Schwartz Collection of the Cleveland State University Library. There is lots of neat stuff to review and the digital files are great starting point for additional research.

<http://www.clevelandmemory.org/>
I've enjoyed too few research days at that library and discovered great images and resources. I've posted a few finds on a special webpage. Included here is a scan of the large N&SS map that I believe dates from 1920. Feel free to review and save any of the files shared here.

<http://www.hansmanns.org/finds>

Use these digital resources as tools to assist your modeling efforts. Troll around as much as you like, but make certain you pull yourself away from the screen so you can make progress on your latest model build or on the home layout. Enjoy the links and best of luck to you all. - *Eric Hansmann*

Division 5 Meeting Minutes

August 5th, 2011 7:30 pm

Superintendent Mike Buehner called the meeting to order at 7:30 pm at Hambden Town Hall. There were 24 members and 7 guests present.

This was **Assistant Superintendent** Eric Hansmann's last Division 5 meeting before he moves to New York. The Division members thanked him for his service and wished him good luck in his new home in eastern New York.

Because of Eric's departure, we need someone to volunteer to fill the remaining **Assistant Superintendent term** which goes through the end of May 2012. If you are interested, contact Superintendent Mike Buehner. Per our Regulations, the Superintendent can appoint someone to fill the term and so no election is needed.

Announcements were made regarding a **steam engine** being at the AC&J in August, Speeder Days on the Oil Creek & Titusville in August, and a person in PA selling off his HO 2ft x 16ft layout.

Division 5 Promo Day 2011 fliers were available at the meeting. See Rob Bowers or Bob Frieden if you need some.

A copy of Assistant Superintendent **Eric Hansmann's** Railroad Model Craftsman article was on display. The Lake Shore Live Steamers newsletter was also on display.

Don Bittner received a Merit Award for his lumber yard model and Dave Hanna received a Merit Award for his PRR K5 steam locomotive. These models were in the 2011 Rails Of Ages convention contest.

Bring & Brag: (no theme for the month)

Skip Giddings	Ken Stroebel	Bill Berger	Ted Wiese
Matt Kross	Dick Roth	Pat Flash	Bill Smith
Dave Neff	Tom Carr	Don Bittner	

Wayne Lette gave a brief talk and demonstration of his module leg retrofit design. The design allows for quicker module leg attachment and removal. He will make the needed wood pockets and legs for those interested at a nominal charge.

Eric Hansmann provided the program for the evening. He did a clinic on the Newburg & South Shore Railroad in Cleveland that he is modeling. He showed various pictures, drawings, and maps of the railroad and its surroundings. He talked about how to obtain information about a prototype railroad or a specific geographical area.

Budgets for 2012 need to be submitted to the Div 5 BOD by the October 2011 BOD meeting. If you are a Division 5 member and have a program, event, etc. that you would like to have funded by the Division, you must submit a budget request to the BOD. All Division coordinators need to submit a budget if your area of responsibility requires Division funds.

Jim Wendorf volunteered to help Tony Spena perform the audit on the 2011 Rails Of Ages convention financial books.

We are still in need of some volunteers to be the **Achievement Program coordinator** and Layout Tour coordinator.

The letter from the **NMRA national office** regarding the new NMRA privacy policy was discussed. A copy of the new privacy policy was available for members to read.

Division 5 Regulations – Proposed Changes

The Division 5 Board Of Directors is proposing changes to the Division 5 Regulations that are described in the following pages. The reasons for the changes are as follows:

- Official name change to agree with our IRS filing
- Change “trustee” to “director” to agree with Ohio laws and regulations
- Change the Treasurer position from an elected position to an appointed position so that there isn’t any term limit on the Treasurer. The current Regulations limit the Treasurer to two 2-year terms and so we have to change treasurers after 4 years. It is often difficult to get someone to fill the position of Treasurer plus we have to change all our bank accounts to the name and address of the new Treasurer. We also have to change our various state and federal filing information. By eliminating the need to change Treasurers every four years, it provides for a smoother flow of the Division’s financial dealings. We have checked and the NMRA only requires us to have two elected officers.
- Added financial audit requirements so that we have a consistent policy that everyone is aware of and to ensure that the books are reviewed prior to new officers starting their terms.

A full copy of the proposed new Regulations will be mailed within the next month or two to all active Division 5 members along with a ballot to mail back in to cast a vote of “For” or “Against” the proposed changes. If you have any comments or additional changes, please let a Div 5 BOD member know as soon as possible.

The complete Division 5 Regulations as they stand today can be found on the Division 5 website at: <http://www.mcr5.org/NMRA/documents/index.htm>

(Clerk’s Note: The following are excerpts of the Div 5 Regulations showing the proposed changes. In general, only the specific lines being changed are shown here. In color copies, all changes are in red. There is a vertical line in the left margin wherever a change has occurred on a line. Items deleted have a line through the text deleted. Items added are underlined.)

(Clerk’s Note: Modified the official name of the Division to agree with how it is listed with the IRS)

Model Railroad Promotion Day!

The National Model Railroad Association selected November as a month to encourage model railroaders. Many times a modeler, no matter the skill level, has questions about what they are doing. NMRA members have our fellow members to turn to. We could encourage those that do not belong to our group to join us. We open one day a year for PROMO DAY.

We set one day a year aside for training sessions to cover several aspects of our hobby. This gives modelers an opportunity to ask the questions and see experienced hobbyists do their thing. While we are doing this, why not invite these new people to view our layouts?

We will do this on November 5, 2011 at Lakeland Community College.

I am asking all of you to call me at (440) 942-3039 and tell me what you would be willing to help doing. Thank you - *Rob Bowers*

Confidentiality Policy

In order to protect the privacy rights and concerns of our members, the National Model Railroad Association, Inc. is forwarding this statement to all Region and Division personnel. All such personnel are expected to understand and abide by this policy.

Due to changes in the law as well as increased concern over privacy issues and identity theft, it is now NMRA policy that anyone with access to membership information obtained from the national NMRA must agree not to disclose any such information to anyone who is not authorized to have access to the information for official use.

The NMRA is in the process of obtaining permission from each member to disclose his or her personal information to other members, as we have in the past for those wishing to visit or contact other members. Due to changes in the law and increased privacy concerns, we can no longer disclose such information without the consent of the members concerned. Moreover, no information should be disclosed by any NMRA official, elected or appointed, at any level of the NMRA, that would allow those without authorization to obtain personnel information of other members. This would include mass electronic mail distribution with private email addresses in the "to" or "cc" address lines where the information can be read by any recipient.

Currently member information such as name, address, phone number, and email address is made available to each Region membership officer, and is also available to each Region president. Those persons are expected to pass this information along to their Region's Division superintendents and membership officers so that they can use the information for official business. Welcome letters, re-rail letters, newsletters, meeting notifications and the like would be considered official business. Other official mailings to all Region or Division members are also permitted.

This policy strictly prohibits dissemination of member information to 100% NMRA clubs. Such clubs are not part of the NMRA corporate structure, and the NMRA has no way to control how such information would be used. 100% NMRA clubs are clubs whose members are all members of the NMRA, however, they have no other responsibilities to the NMRA. The NMRA HQ will continue to identify if a person is a member of the NMRA to an NMRA club for purposes of confirmation of the person's eligibility for membership in the 100% NMRA club. However, we would request the club to first request a copy of the membership card from the prospective member in order to confirm eligibility.

Any NMRA official who passes personal membership information along to non-authorized individuals runs the risk of being held personally legally liable for this action. Moreover, the NMRA insurance does not apply to such disclosures by region or division officers or personnel.

Further updates of this policy will be issued as they are formulated and adopted by the Board of Directors.

We appreciate that these changes may cause changes in the way that your NMRA organization conducts business and serves its members, but these changes are necessary as the law evolves regarding privacy issues. If you have questions about this policy and how it should be applied, please direct them to me at nmrapres@zoomtown.com or to NMRA General Counsel, Robert J. Amsler, Jr., at legal@hq.nmra.org.

The August NMRA InfoNet News

Hi, Presidents & Superintendents --

It's August, and this is the NMRA InfoNet News:

Jim Zinser, MMR, and Fred Bock, MMR, have asked me to run this item again: If your Region or Division gives **adult or family classes on model railroading**, Fred Bock, the NMRA's Education Department Assistant Manager, is looking for ideas. Whether your program runs as a one-day seminar or multi-week course, Fred would like to know what your program is about and is looking for lesson plans or other course material. Please email Fred at fbockLSRDiv6@aol.com. Use "Adult Education" as the subject of the email.

The dust has barely settled from the Sacramento convention, when the folks in Grand Rapids are revving up for next year's get-together. In fact, **registration for Grand Rails 2012 is well underway**. Members can visit the website at www.gr2012.org and either register online or download a mail-in form. Non-members can also sign up at that time. Note that currently registration only covers the costs of attending the convention. Furniture City Flyers Club members will receive the complete list of tours, activities, and merchandise in December, followed by advance registrants, then all other members.

The Howell Day Museum is planning a **new release of its extremely popular Commemorative Car #3** -- the Gorre and Daphetid bobber cabooses -- except this run will feature two new road numbers, #3 and #5. As you may know, John Allen was very fond of these cabooses and ran a fleet of them on his G&D railroad. Pricing will be \$19.95 for one car, or \$34.95 for the set of two. Watch for the announcement of their availability at www.nmra.org, or keep your eyes open for the ad which will appear in *NMRA Magazine*.

Again, many of the clinicians at the Sacramento convention have **uploaded their handouts or full presentations** as PDF files to the x2011 website at www.x2011west.org. Anyone can download them. Just look for the Clinics tab, then Clinic Handouts. In case you missed it last month, the Board of Directors selected **Portland, Oregon as the site of the 2015 National Convention**. Details and exact timing of the convention will be announced in the coming months. For a complete summary of the Board of Directors meeting, visit the homepage of our website at www.nmra.org in the next few weeks. The report will also be published in *NMRA Magazine* in the near future.

The 2014 National NMRA Convention will be here before you know it! Start making your plans now. Division 5 is one of the local NMRA divisions helping put on this convention. If you are interested in helping, please contact Dale Smith, Dave Neff, or Matt Kross.
